I'm not seeing any specific timing requirements for hot spot analysis and CDOT

Hi Astrid,

Meg asked me to ask you to have a look at Colorado's conformity SIP (see link below) to see if they met their obligations with the I-70 analysis. I glanced through this but since she asked me to ask you, please have a quick look and let's compare notes. Need any input before 11 call w/R8.

Hi Laura and Meg,

Colorado has an approved State transportation conformity SIP (EPA-approved 79 FR 12079, March 3, 2014). Their conformity SIP element is contained in Colorado's Regulation No. 10. The below weblink will take you to Regulation No. 10 on the Colorado Air Quality Control Commission's website:

Thanks!

Tim

Hi Tim,

Meg was thinking Denver has an approved conformity SIP. Is that something you could find and send to Meg and me? (The context is I-70 review.)

Thanks much,
